

Brownie

With years of proven dependability, the **New Brownie** has all three wheels powered by planetary drives. We have added larger wheels, wheel weights, and dual hydraulic pumps for smoother operation and cooler oil temperature.

STANDARD FEATURES

- 3 wheel hydraulic planetary drive for mobility in snow
- Bucket swings 12 ft. side-to-side (6 ft. each way of center) to save time and machine movement
- Bucket platform max height is 12 ft.
- Pedal control to leave hands free for pruning or picking
- Adjustable counterweight and wheel weights for stability in all conditions
- Large 10 gallon gas tank
- Easily towable for road travel
- 18 HP Briggs & Stratton Vanguard twin electric start gas engine
- Overall width is 78 inches.

These standard features keep the **Brownie** far ahead of all other 2 or 4 wheel drive machines for stability and maneuverability on rough terrain and in snow or mud conditions.

OPTIONAL FEATURES

- Two cylinder liquid cooled Kubota Diesel engine
- Pruning tool holder and hydraulic quick couplers for two tools
 - Hydraulic chain saw with hoses and fittings
 - Hydraulic pruner with hoses and fittings
 - Dual wheels
 - Tool balancer
- Picking bag and holder
 - Crate holder
